DECLARATION

I declare:

1. A Combined Declaration and Power of Attorney For Utility Patent Application (the "original Declaration") and Assignment (the "original Assignment") document were filed along with U.S. Patent Application Serial No. 09/663,512 (the "'512 application") on September 15, 2000. The original Declaration and Assignment were signed by Raanan Ben-Zur, Boris Reynov, and Nicholas A. Balatoni, three of the five inventors of the '512 application. A copy of the original Declaration and Assignment are attached as **Exhibits A and B**.

2. Steven L. Shepherd and Bayne G. Steele did not sign the original Declaration and Assignment.

3. Upon information and belief, the five inventors listed on **Exhibit A** are the inventors of the '512 application.

4. A Combined Declaration and Power of Attorney For Utility Patent Application (the "Shepherd Declaration") and Assignment (the "Shepherd Assignment") were delivered to Steven L. Shepherd via U.S. Postal Service Certified Mail on December 7, 2000.

5. Steven L. Shepherd executed the Shepherd Declaration and Shepherd Assignment on December 16, 2000. The Shepherd Declaration and Assignment are being filed herewith, and copies are attached as **Exhibits C and D**.

6. A Combined Declaration and Power of Attorney For Utility Patent Application (the "Steele Declaration") and Assignment (the "Steele Assignment") were sent to Bayne G. Steele at his last known residence, 3470 Andrews Drive #15, Pleasanton, CA 94588, via U.S. Postal Service Certified Mail on December 5, 2000. The Steele Declaration and Assignment were returned to our offices marked "Unclaimed". A copy of the returned envelope is attached as **Exhibit E**.

7. The Steele Declaration and Assignment were sent to Bayne G. Steele a second time at his last known residence, 3470 Andrews Drive #15, Pleasanton, CA 94588, via Federal Express Priority Overnight shipping on January 5, 2001. The Steele Declaration and Assignment were returned to our offices along with a letter from Federal Express explaining that the "recipient address as written on the airbill is incorrect or incomplete." A copy of the returned envelope is attached as **Exhibit F**. A copy of the Federal Express return letter is attached as **Exhibit G**.

8. I placed a telephone call to Bayne G. Steele's last telephone number of record, (925) 469-9622, on January 16, 2001. A recorded telephone company message indicated that this number was disconnected.

9. The Steele Declaration and Assignment were twice sent to Bayne G. Steele's last address of record. At the present time, Bayne G. Steele is the only one of the five inventors who has not returned an executed Combined Declaration and Power of Attorney For Utility Patent Application and an Assignment for the '512 application.

10. Bayne G. Steele was formerly an employee of Cyras Systems, Inc ("Cyras"). On information and belief, Bayne G. Steele is a party to an Employment Agreement with Cyras under which he is obligated to assign all inventions made by him to Cyras and to cooperate in the prosecution of any related patent applications.

11. In attempts to contact Bayne G. Steele, I have: 1) received his last address of record from Cyras (this is the address to which the Steele Declaration and Assignment were mailed); 2)

U.S. Ser. No. 09/663,512

called the last telephone number of record on January 16, 2001; and 3) performed an electronic search for contact information and address for Bayne G. Steele. None of my attempts to contact Bayne G. Steele have been successful.

12. No other addresses or telephone numbers are known at which Bayne G. Steele may be contacted.

13. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of U.S. Patent Application Serial No. 09/663,512 or any patent issued thereon.

Respectfully submitted,

METHOD FOR ROUTING NETWORK SWITCHING INFORMATION

- ☐ for which an application for United States Patent was filed on ____, Application No. ____
- ☒ for which an application for a United States Patent was executed on ____, and

WHEREAS, Cyras Systems, Inc., a corporation of the State of California, having a place of business at 47100 Bayside Pkwy, Fremont, CA 94538, (hereinafter termed "Assignee"), is desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

4. Said Inventors hereby jointly and severally warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

METHOD FOR ROUTING NETWORK SWITCHING INFORMATION

- ☒ for which an application for United States Patent was filed on September 15, 2000, Application No. 09/663,512
☐ for which an application for a United States Patent was executed on _____, and

WHEREAS, Cyras Systems, Inc., a corporation of the State of California, having a place of business at 47100 Bayside Pkwy, Fremont, CA 94538, (hereinafter termed "Assignee"), is desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a divisional, substitution, continuation, or continuation-in-part of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation reissues and reexaminations, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

4. Said Inventors hereby jointly and severally warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

Dear FedEx Customer:

Your package is being returned to you with this letter of explanation Unfortunately we were unable to complete delivery on your shipment for the following reason(s):

☐ The recipient was not in on three delivery attempts. We were not authorized to leave the package without your signature on the airbill. No one else (superintendent/neighbor/co-worker) would sign for the package. If your signature was on the airbill, the courier was unable to leave package in a safe area.

☐ The recipient moved and left no forwarding address on file. The recipient / company name on airbill was not listed with directory assistance (411) in NYC.

☒ The recipient address as written on the airbill is incorrect or incomplete (no bell/buzzer number/floor/suite #/dept./location). We were unable to obtain the correct or complete delivery information.

☐ A Post Office Box Number/Address was the only address written on the airbill. FedEx cannot deliver to PO Boxes.

☐ Recipient name or Company name was missing from the delivery address resulting in a non-delivery of your package.

☐ The package was undeliverable without full name of recipient and that recipient's telephone number. This is especially true for all packages going to *Citibank, AIG Group, & Chase Manhattan Bank.*

☐ Our customer service personnel tried to contact you (the shipper) and the recipient unsuccessfully by telephone. Company policy will not allow us to keep an undeliverable package longer than 5 business days.

☐ The recipient's company mailroom returned the package to FedEx. Either the recipient is no longer with the firm, or they were unable to locate recipient due to lack of delivery information on the airbill.

☐ All packages going to *Chase Bank* are delivered to the actual recipient, not a mailroom. The package will need a full recipient name, floor, dept. & telephone number. Without this info, the package is undeliverable. No one will sign for or accept these packages.

☐ Mailrooms at *Bank of New York, Merrill Lynch, AIG Insurance, Smith Barney, American Express, Lehman Bros., & or ETC...* will automatically return all packages back to FedEx if the delivery address is missing a full recipient name/floor/dept/telephone #/ & or area. *Citibank packages also require a zone.*

☐ Delivery information on airbill is incomplete or incorrect, or you tendered your shipment on the wrong airbill. Domestic shipments require the domestic airbill and international shipments require an international airbill, or your shipment had an incorrect or missing postal code for the recipient.

☐ Other Explanation: _____

If you have any questions, please contact FedEx Customer Service at 1-800-463-3339. Please refer to your tracking number. Thank you for using FedEx.
